Garden Party.

The Loyal Sunbeam Girls class number twelve of the First Methodist Episcopal Sunday school will have a garden party on the lawn at the home of Miss Ruth Turner, 745 Locust street, Tuesday evening at 8 o'clock. The party is given as one means of the teachers getting acquainted with parents of the children, and also to create a social interest on the part of the pupils.

The lawn will be beautifully lighted by Japanese lanterns, a special program of entertainment will be carried out, games will be played interesting to all, and music will be furnished by a violinist.

The girls are between the age of twelve and sixteen years. They are looking forward to a merry time, and extend a cordial welcome to all girls their age to join them. Ice cream and cake will be served for fifteen cents, proceeds of which will be used for local and foreign missions. However, this does not obligate anyone.

The following committee extends a very friendly invitation to all girls between the age of twelve and sixteen years: Madge Leonard, Marry Etta White, Ruth Turner, Lucile Clark, Margaret Hinkle, Genevieve Childster, Edna Corless, Helen Queen, Hattie Swiger, Ella Whan, Alta Talkington and Rose Drellinger.

To Elect Officers.

When the Clarksburg Central Mothers Club meets at 5 o'clock tomorrow afternoon, it will elect officers and collect unpaid dues for last year. At the close of the session the Woman's Christian Temperance Union superintendents will hold an executive session.

Both meetings will be held in the parlor of the First Methodist Episcopal church.

were given by Misses Zella Short, of Shinnston, and Beulah Tetrick, of Enterprise, and musical numbers by several of the young men and women were much enjoyed. W. M. Hess, of Mannington, gave a history of the Sturm family.

The Rev. Henderson M. Tetrick, of Tetrick's Ridge, was elected president; Enoch C. Tetrick, of Farmington, vice president; Miss Sybil Sturm, of Virop, secretary; Charles A. Short, of Shinnston, treasurer; W. Guy Tetrick, of Clarksburg, family historian; C. A. Short, of Shinnston; and James W. Tetrick and Isaac M. Tetrick, both of Enterprise, members of the advisory board.

Although the Sturm family joined with the Tetrick family in the reunion this year, the Sturm family expects to retain its separate organization and while it will be invited to attend the Tetrick reunion again next year, it will hold a separate meeting at a different time. The Tetrick reunion will be held the third Sunday in August of 1917 at the Sturm school house at Virop.

PRESIDENT

the board had reached its conclusions on the facts a public report would be made and an arbitration would not be compulsory. If arbitration were refused the board would send to each employee of the railroad a statement of the railroad's position and the board's findings. These statements would be before every employee when he came to vote on a strike and opportunity would be given for a secret ballot. The men would vote directly on the question of a strike.

WASHINGTON, Aug. 21.—With the arrival here Monday of Louis W. Hill, president of the Great Northern, and other western railway executives in response to President Wilson's summons, important developments in the threatened railway strike situation were looked for, although no further general White House conference was expected before Tuesday.

Wilson, however, made no engagements for Monday and stood ready to continue negotiations with the railroad executives. While the railroad officials have tentatively refused to accept the settlement plan proposed by President Wilson that a grant of an eight-hour day with pro rata pay for overtime and submit other issues to investigation by a federal commission they are said to be considering a counter proposal. It is said to include arbitration of some of the points in dispute with the granting of others.

Louis W. Hill, principal heir to the vast properties of the late James J. Hill, and E. P. Ripley, the veteran president of the Santa Fe, were among the first to arrive. Neither had any statement to make.

The incoming executives conferred with those already here and with the managers' committee to familiarize themselves with the negotiations so far. All the western presidents are expected before Tuesday noon. By that time it is expected about 100 railway heads, representing property valued at about \$30,000,000,000 will be assembled for the next conference with the president.

The brotherhood representatives held a brief meeting in their hall Monday but transacted no business. A few telegrams approving their stand in the situation were read and adjournment was taken until 10 o'clock Tuesday morning.

The funeral and burial will take place at Salem.

Mr. Smith was about 60 years old and leaves a family. Councilman Thomas Smith, of Salem, is a surviving brother.

Traction surveyors have just completed a survey of the projected extension of line at Stealey Heights, which is to run from the Weston line at the Stealey stop up Millford street to North street and thence through Dpff street to the various additions of the town, forming a belt. The extension will be a mile or more long. Nothing definite has been stated as to when the line will be constructed but it is believed that the work will begin in the very near future.

COUNTER OFFENSIVES TO HAVE NO EFFECT.

PARIS, Aug. 21.—The attempted counter offensive by the German and Bulgarian forces on both flanks of the Entente Allied front in Macedonia with the apparent intention of hindering the plans of General Sarrail, the Entente commander, will have no effect on the execution of his campaign, it is said here.

The force reached army corps, which had a division at Seres, at Kavala and also at Drama, fell back before the Bulgarians who are advancing in eastern Macedonia. The Bulgarians have Ihermanli and have crossed the Nestos (Mesta) river and advanced to Kavala.

These developments are considered of secondary importance and the Allies take a hopeful view of the success of their plans.

In the fighting at Moglen the Bulgarians had 400 killed, 600 wounded and forty-three were taken prisoners.

ANOTHER GAIN IS MADE BY THE BRITISH FORCES.

WITH THE BRITISH ARMIES IN FRANCE, Aug. 21.—Not only have the British held all the gains made in the Saturday night attacks through the critical second day and night following but they have made another important gain.

They are within 500 yards of Martinpuich as a result of taking a trench which had held them up between Pozieres and High wood. In this position while the British had been creeping up on both flanks vicious attacks and counter attacks raged for weeks. German resistance strengthened after the loss of Pozieres had led to yield at last to the incessant hammering.

BRITISH DRIVEN BACK BY GERMAN SOLDIERS.

LONDON, Aug. 21.—Strong German detachments drove back British covering patrols northwest of High wood on the Somme front Monday morning, but were stopped when they came under the fire of the British positions west of the wood, says Monday's war office statement. Bombing attacks on High wood were repulsed.

The attacks on High wood were made after a severe bombardment of the British line while other sections of the British front also were heavily shelled, gas shells being liberally employed. The British artillery also was notably active.

ITALIANS HOLDING FAST TO GROUND THEY WIN.

ROME, Aug. 21.—The Italians who have advanced in the region east of Gorizia and on the Carso plateau are holding fast to the ground won, occupying themselves with consolidating recently captured positions. Monday's war office statement reports no important infantry activity on any portion of the Austro-Italian front. Violent artillery duels, however, are in progress notably in the Trentino, where the Austrian gunners have shown especial activity.

TRAIN HITS AUTO

At a West End Crossing and Occupants Narrowly Escape Serious Injury.

Occupants of an automobile said to have been owned and driven by a Fairmont man, whose name was not learned, had narrow escapes from death or serious injury late Sunday afternoon when the machine was struck by a train at the crossing near the Middle Concrete Company's plant in the West End. All escaped with minor bruises. The car was damaged to the extent of about \$500.

The train which struck the automobile was composed of only a few freight cars and was drawn by a yard engine. It was moving slowly which accounts for the escape of the occupants of the automobile.

LARGE CROWD

Spend Sunday in Pittsburg as Result of Excursion Rates.

At 2:30 o'clock Monday morning two excursion trains carrying more than 1,000 persons from this city, Weston and Richwood, arrived at the local Baltimore and Ohio station from Pittsburg where the crowd had spent Sunday. The excursionists were all tired out but they had had a fine time in the Smoky City.

The local ticket office sold 470 tickets, while 378 were sold at Weston and eighty-seven at Richwood. Many tickets were sold at other points along the line and the excursion was one of the largest ever sent out of this city.

Deputy Sheriff Laco Wolfe and John Siers and John Vannort, special county officers, made the arrest. Brumage had just returned to Binghamon from Arizona, where he had been working in the oil fields.

WIFE SAYS SHE WANTS TO FAN HUSBAND

She May Use Palm Leaf, but Then Again Possibly a Baseball Bat.

BAYONNE, N. J., Aug. 21.—Mrs. Jane Carey, who is 23 years old, good-looking and who lives at 499 Boulevard, believes that if any woman is to fan her husband John while the humidity is high this summer it is her undisputed right to do the fanning herself. But she declined to commit herself before Recorder William J. Cain in court as to whether she wished to use a palm leaf or a baseball bat.

Mrs. Carey hadn't seen John, her husband, for three years until she chanced to stroll through the city park. Her attention was attracted to a man stretched out on one of the benches. His head was resting in a husband, for three years until she saw him. As Mrs. Carey approached the girl—who later said she was Miss Mary Sheehan, 25 years old, of Manhattan—jumped to her feet. Mrs. Carey seized her by the hair and for a few moments there were screams and the wail of skirts and other sounds of battle. John executed a strategic retreat.

Taking a firm grasp of Miss Sheehan, Mrs. Carey marched her half a mile to the police station, where the girl was locked up on a charge of disorderly conduct.

In court Mrs. Carey declined to press the charge against Miss Sheehan, wearing out a warrant against her husband for non-support instead.

"You object to having other women fan your husband on warm summer nights, do you?" asked the recorder. "Yes. If any woman fans him it's my right," said Mrs. Carey. "And I'm going to, too."

"What with a baseball bat?" queried the court. But Mrs. Carey merely pursed her pretty lips together and would not say.
